Graham Smith and Greencare Developments' success story.

Graham Smith, Managing Director of Greencare Developments, gave an excellent talk at our previous meeting about the history and operation of the highly successful company that he and his wife Julie and their family have worked hard to grow into a substantial, ecologically responsible company producing environmentally friendly cosmetics and household cleaning products. Graham has turned a small skincare products company into a \$165M enterprise employing over 150 people, with many employees being with the company for over 25 years. The employees regard the company as one big family and are fiercely loyal to the company, testament to great leadership and prudent management.

This week we're back at the RSL where we're planning to have a talk by Jennifer Fox from the Rotary Club of Hampton on a WASH project in Hatu Balico, Ainaro Municipality, Timor-Leste.

We hope to see you there

Cheers
Keith
